

Response to Amendment

The reply filed on 9/8/09 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The reply does not present arguments pointing out the specific distinction believed to render the claims, including any newly presented claims, patentable over any applied references. Note that a general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the references does not comply with the requirements of this section. See 37 CFR 1.111.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

In addition, the newly filed abstract is not in compliance with 37 CFR 1.121; as it has been substantially rewritten, a new abstract must be submitted without markings. See 37 CFR 1.121.
